This month's
fave website

ON THE
WEB

**Suppliers of our delicious
favourite hot drink ...**

www.mozzocoffee.com

As one of the first companies to
support Mozzo, Monks Yard is proud
to serve Mozzo's 100% Arabica,
organic and fairtrade coffee! In
2005 Grant Lang created the
world's first solar and wind powered
art covered coffee cart. It was from
this small yet remarkable cart
that the adventure of Mozzo, the
community hub of coffee and art,
began to take shape.

MORE ABOUT MONKS YARD...

**What's with the
strange name?**

The Monks Yard stands
on the site of an old
monastery and small
chapel. Research suggests
that some of the site dates
back to pre-sixteenth
century. Throughout the
extensive renovation and
development work, much
care and attention was given
to honouring the existing
structures.

**From family farm to
family business**

The site was used as a farm
and passed down from
generation to generation in
the Osborne family. When
dairy farming became

unsustainable due to the
constraints of the available
land, the idea was spawned
for the Monks Yard. A unique
business development for
the area creating up to 16
jobs whilst committed to
supporting the community
in several other ways. Along
with this it still runs as an
arable farm.

**Supporting our
local community**

The Monks Yard is committed
to supporting the community
in more ways than employing
local people and recycling
most of our rubbish. As a
company we are actively
involved in supporting:

Project Hope – a charity
providing aid, medical
equipment and training to
developing countries. Their
warehouse is based in one of
the Monks Yard barns.

MY Church meets every
Sunday from 10.30am. All
are welcome and there is
also a prayer room open to
everyone 7 days a week. MY
Church is also now running
a new Café-style church.
Meeting on the First Sunday
of each month, these are
informal get-togethers and
open to everyone. Please ask
a member of staff for more
info or go to the website:
